

How to use the Easter Scene Standups:

Bible Lesson: Use the Standups to re-tell the story of Jesus' resurrection. Use one of the Sunday school lessons on Bible Kids Fun Zone about Jesus' resurrection. Since there are only two women, use the gospel of Matthew (Matthew 28:1-10).

Play Activity: Children can play with the bible characters and use them to act out the story as they tell it in their own words.

Easter Bible Crafts for Children: Use the Easter Scene Standups for a large group craft activity for the whole class. Let each child color one piece.

Easter Family Activity: Another option is to use the Bible character Standups as a family activity to celebrate Jesus' resurrection. Use it during your family devotions or Bible story time as a visual aid for children.

How to Make the Tomb and Bible Character Standups for the bible story of Jesus' Resurrection:

Craft Supplies:
Stand-up craft pages
Accessory craft pages
Card stock
Scissors (for adult only)
Crayons

Bible Character Standups: Print the craft pages onto card stock. Cut out pictures for young children. Children color bible characters, stone, animals, sun, etc. To stand up bible characters and animals, fold back tabs.

Tomb and Stone: Print the craft pages onto card stock. Cut out pictures for young children. Cut slits in stands. Cut slits on bottom of tomb, about 1" from outer edges. Insert stands at 90 degrees onto slits on bottom of tomb.

Bible Character Puppets: Print the craft pages onto card stock. Cut out pictures for young children. Cut off tabs. Children color bible characters and glue a jumbo craft stick (popsicle stick) to the back of the bible characters at the bottom.

Bulletin Board Display to Celebrate Jesus' Resurrection: Cut the tabs off of the Standups. Use blue background paper on the top half to make the sky. Use green paper background paper on bottom half (for grass). Add the words "Jesus Lives!" to your display. Make your own flowers by cutting several layers out of construction paper at the same time.
